Dr Sandeep Biraris**

**Dr Rustom Mody
Dr Dhiraj Sonawane
Dr Kiran Patel
Dr Vivek Mahajan**

IORG Objectives

Promote Orthopaedic Research in India by helping individual orthopaedic surgeons and clinical departments throughout the country.

The focus of the group is to :

- Provide help to publish research studies in international & national peer-reviewed journals
- Design and conduct Academic Orthopaedic research studies
- Establish academic research divisions in institutions to initiate & sustain research projects
- Create a Network to facilitate collaboration between Individual Surgeons, Academic Institutions and Industry
- Publish peer-reviewed journals to provide a platform for Indian Orthopaedic researchers to publish their work

Our Publications

The group members have been involved in more than 100 publications in reputed Journals like JBJS Am, JBJS Br, Journal of Arthroplasty, International Orthopaedics, Journal of Orthopaedic Surgery, Indian Journal of Orthopaedics, Arthroscopy, Clinical Orthopaedics and Related Research, Skeletal Radiology, Archives of Orthopaedic Trauma and Surgery. Detailed list is available on the website

Our Services

IORG has developed many unique services and tools for Orthopaedic Research

- MAPS (Manuscript Assist and Publishing Service)
- Ortho-Stat (Statistical Service for Orthopaedic Studies)
- OSD (Orthopaedic Study Design)
- ARD (Academic Research Division)
- ASAP (Authors-Share-Article Programme)
- ALFA (Access Links to Free Article through PUBMED)
- CAP (Collaborative Authorship Programme)

Details of all these programmes are available on website

Special section dedicated to Postgraduate Students and Trainees

- Exam Papers online [DNB]
- Case Discussions
- Ortho-Presentations by eminent PG Teachers
- Concise Update of Particular topics
- Help in thesis writing and statistical analysis
- Help in review of literature through ALFA service & PUBMED
- Format of exam case presentations
- Collection of Exam Radiographs with discussion
- Random Exam Questions with answers
- Fellowship Information

IORG Activities

- IORG is working in collaboration with numerous institutions and individual Surgeons
- IORG is running certificate Courses in Research methodology both basic and advanced
- IORG has collaboration with organizations like Maharashtra Orthopaedic Association & India-Orth
- IORG is helping in running of the Journal of Maharashtra Orthopaedic Association

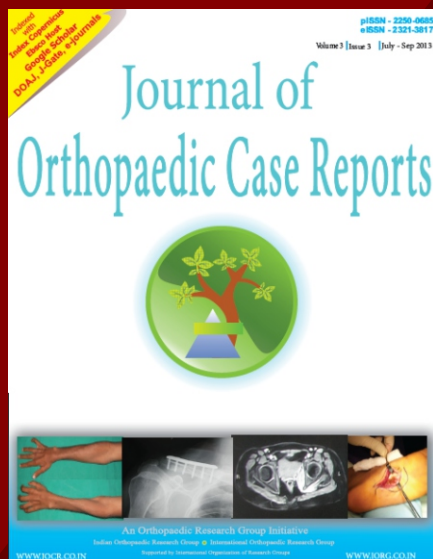

ORTHO RESEARCH CLUB

Ortho Research Clubs are another unique initiative by IORG for education of Postgraduate students. We conduct monthly sessions on Research Methodology and Research Education at Mumbai at one of the major Medical Colleges. Residents and Trainees from all colleges are invited and attend the club

IORG JOURNALS

IORG is publishing three online/Print Journals; Journal of Orthopaedic Case Reports, Journal of Medical Thesis and Journal of Orthopaedic Complications. All our Journals are International, Peer Reviewed, Indexed and Open Access

IORG Online Case Discussion Forum

Academic Philanthropy and Knowledge Sharing

Speak the Orthopaedic Language : Join the Most Unique Orthopaedic Forum

Unique Case Discussions in company of more than Eight Thousand three hundred Orthopaedic Surgeons from around the world. Based on principle of 'Academic Philanthropy' where Surgeons from all across the world share their experiences and expertise for improving the 'Knowledge pool and add to improvement of patient management. Effective Knowledge based discussions with presentation of x rays, clinical pictures and videos which can be posted by any member of the Group. Regular Literature back up and articles are provided by the moderators and Research group on related topics. Healthy academic environment for case discussions with wide variety of cases ranging from simple cases to most complicated cases discussed. Great Learning experience for Orthopaedic Trainees and Post Graduate students with around 30 to 35 cases presented and discussed every day. In addition the forum has regular announcements of Orthopaedic fellowships, conferences and important useful notifications useful to all orthopods. Features like 'Article of the day' with free access to full text articles, Case of the day, Orthopaedic Case Bank, Collaborative Authorship program and Manuscript Assistance make this forum special and buzzing with activities. This forum is supported by Indian Orthopaedic Research Group and International Orthopaedic Research Group and also by Journal like Journal of Orthopaedic Case Reports, Journal of Orthopaedic and Rehabilitation, Journal of Orthopaedic Complications and Journal of Medical Thesis. Join the largest Exclusive Group of Orthopaedic Surgeons and the Unique Online Continuing Medical Education (CME) forum. Present your work to this huge audience and get comments and fresh viewpoints and insights. **EXCLUSIVELY FOR ORTHOPAEDIC SURGEONS ONLY.** For more information please write to us at indian.ortho@gmail.com
