

Peter Smith --know the master

Education

M.D. New York University, N.Y. B.A. (Biology), Stanford University, Stanford, Calif.

Postdoctoral Training

Resident in Orthopaedics-University of Chicago Medical Center, Chicago Intern in Orthopaedics-University of Chicago Medical Center, Chicago

Clinical and Research Fellowships

Fellowship: Pediatric Orthopaedics, Newington Children's Hospital, Hartford, Conn.

Current Academic Appointments

Professor of Orthopaedic Surgery, Rush University School of Medicine, Chicago

Adjunct Associate Professor, Marquette University Department of Biomedical Engineering, Marquette, WI

Current Hospital / Affiliated Appointments

Attending Orthopaedic Surgeon, Shriners Hospitals for Children Chicago

Current Research

* NIDRR: Fracture Risk Prediction in & Young Adults with Osteogenesis Imperfecta (OI) * Conservative & Surgical Club foot treatment: Multi-center Study * Longitudinal Study of Brittle Bone Disease Osteogenesis Imperfecta Linked Clinical Research Centers * Muscular Dystrophy Registry * Longitudinal Assessment of Jump Gait Dynamics of Children with Cerebral Palsy * Torgwinchester syndrome: A long-term follow-up of Four Cases * Long-term Follow Gait Dynamics Following Femoral Rotational Osteotomy in Children with Cerebral Palsy * A Novel Approach to Post-fracture Rehabilitation in Osteogenesis Imperfecta: A Case Study * The Natural History of Scoliosis in Osteogenesis Imperfecta * Rehabilitation Engineering Research Center on Technologies for Children with Orthopaedic Disabilities

Research Interests and Specialties

- * Osteogenesis imperfecta
- * Clubfoot treatment
- * Arthrogyposis and skeletal dysplasia
- * International medical care
- * Cerebral palsy
- * Gait and movement analysis

Major Administrative Leadership Positions

- * Director, Osteogenesis Imperfecta Clinic
- * Medical Director, Gait Analysis Laboratory, Shriners Hospitals for Children Chicago
- * President, Silver Service Children's Foundation, Chicago, IL
- * Member at Large, Shriners Hospitals for Children Association of Speciality Physicians

Programme

Saturday 1st Feb

8.00 -9.00 am:

Registration and Breakfast

9.00 -10.30 am :

Session I .. Osteogenesis Imperfecta Dr Peter Smith

10.30-10.45 am :

Tea

10.45-12.15 pm :

Interactive Cases with Dr Smith (Paediatric Trauma)

12.15- 1.00 pm :

Surgical techniques with Dr Smith ..The FD ROD

1.00- 2.00 pm :

Lunch

2.00-3.30 pm:

Session II ...Cerebral Palsy ... Dr Smith

3.30- 3.45 pm :

Tea

3.45-5.15 pm :

Interactive Cases on Selected Paediatric topics

5.15 -5.30 pm :

QUIZ

7.30 pm

Banquet

Sunday 2nd Feb

8.00 -9.00 am:

Breakfast

9.00 -10.30 am :

Session III.. Clubfoot ... Dr Peter Smith

10.30-10.45 am :

Tea

10.45-12.15 pm :

Interactive Cases on the Selected Paediatric topics with Dr Smith

12.15- 12.45 pm :

Felicitation / Validectary

12.45-1.15 pm :

Surgical techniques with Dr Smith

1.15:

Lunch and Disperse

Registration Form

Name: _____

Address: _____

Hospital with which affiliated _____

Phone No. _____

Mobile No. _____

Dear Friends,

On behalf of the Maharashtra Orthopaedic Association and the Poona Orthopaedic Society, We welcome you to the **MOA - Meet the Master 2014**.

We are fortunate to have **Dr Peter Smith**, renowned Paediatric Orthopaedic Surgeon from USA who has agreed to be the master for this programme.

This programme will be focussed on Paediatric Orthopaedic Problems in the form of interactive sessions, case discussions and lectures on 4 main areas in Paediatric Orthopaedics ...CTEV, Paediatric Fractures, Cerebral Palsy and Osteogenesis Imperfecta.

Dr Smith is a pioneer in research and treatment of Osteogenesis Imperfecta and has developed the FD ROD for stabilisation of long bone fractures in OI. It will be a great opportunity for all to learn the philosophy of managing these children from the Master himself.

I would strongly urge you to register for this meeting as soon as possible that too at discounted rates as this is one programme dedicated to enhance academics by the MOA where you learn maximum.

So mark the dates on your calendar and register ASAP.
Looking forward to meeting you in Pune on Feb 1st 2014.
