Prof. N S Laud	Dr. Parag Sancheti
Dr. Ram Chhadda	Dr. Sampat Dumbre Patil
Dr. Sandeep Patwardhan	Dr. Sanjay Patil
Dr. Steve Rocha	Dr. V. J Laheri
Dr. Vijay Kakatkar	Dr. Yogesh Panchwagh

and other eminent faculty

Dr. JOY PATANKAR was a man who truly embodied the term "jole de vivre". All those who have interacted with Joy will vouch for this fact.

Joy was an enthusiastic and passionate teacher who loved to stress on practical aspects of training, rather than overburden students with tons of theories. Case presentations made to Joy were enjoyable affairs which besides being intellectually stimulating were also interspersed with touches of philosophy delivered in his characteristic "Maharashtrian" colloquial wisdom.

He was someone who thought ahead of his times and many of his ideas translated into clinically relevant procedures, techniques and instrumentation.

This course aims to carry on the tradition of clinically oriented teaching as a tribute to Dr. Joy Patankar and his philosophy of constantly keeping oneself updated with the current state of the art methods and techniques.

SHIVAJI NAGAR,
PUNE 411005.**

DATES:
**SATURDAY 13th FEBRUARY &
SUNDAY 14th FEBRUARY 2016**

With the hectic workload in public hospitals, postgraduate residents and trainees find it difficult to attend lectures and case presentation sessions in institutes other than their own. Thus the benefit of learning from senior experienced faculty is often restricted to one's own institute.

This training initiative is aimed at gathering the best faculty under one roof for an intensive teaching programme focused on the needs of post-graduate trainees.

Sessions include lectures highlighting salient points of clinical examination while discussing the common pathologies followed by case presentation to senior faculty members in an examination format. The programme includes discussion of the problems pertaining to the spine, hip, knee, hand, shoulder, foot and paediatric orthopaedics.

The success of this programme depends on active and stimulating interaction between the faculty and delegates and it is our belief that we will get an enthusiastic response from all concerned.

PROGRAMME GUIDE

Saturday 13th February, 2016
